# over

Over è un sistema a profondità contenuta che, grazie al suo design minimale, si inserisce facilmente in qualsiasi ambiente. I moduli, disponibili sia a terra che sospesi, sono pensati per semplificare i lavori di ristrutturazione, coprendo eventuali fori o danni alle piastrelle senza necessità di un nuovo rivestimento.

Over si rivela un'ottima soluzione anche per spazi ridotti. I moduli a terra, dalle linee essenziali, sono predisposti per l'inserimento di nuovi sanitari e lavabi dedicati. Grazie alla sua profondità ridotta, è ideale per creare boiserie contenitive in ambienti di dimensioni contenute, ottimizzando ogni angolo e valorizzando lo spazio disponibile. Un elemento distintivo di Over è la lavorazione a 45° sulla parte superiore dell'anta, che funge da maniglia integrata. Questo particolare dettaglio, combinato con il top, crea una pratica superficie d'appoggio.

*Over has a reduced-depth minimalist design that fits easily into any space. The units are available as floor-standing or wall-hung models and have been designed to make renovation work easy, by covering any holes or damage to tiles without the need for new cladding.*

*Over is an excellent solution even for small spaces. The floor-standing units have simple lines and are designed so that new toilets, bidets and washbasins can be fitted. With reduced depth, it's also ideal for creating storage wall panels in more compact rooms, optimising every corner and adding value to the available space. One of Over's distinctive features is its 45° finish along the top of the doors, which serves as a built-in handle. This detail, combined with the top, creates a practical storage surface.*

*Over est un système peu profond qui s'intègre facilement dans tout espace ambiant grâce à son design minimaliste. Les modules, disponibles aussi bien au sol que suspendus, sont conçus pour simplifier les travaux de rénovation en couvrant les éventuels trous ou dommages des carreaux sans qu'il soit nécessaire de poser un nouveau revêtement.*

*Over s'avère être une excellente solution même pour les petits espaces. Les modules au sol, aux lignes essentielles, sont prévus pour l'insertion de nouveaux sanitaires et lavabos dédiés. Grâce à sa profondeur réduite, il est idéal pour créer des revêtements muraux de rangement dans de petits espaces ambients, en optimisant chaque angle et en valorisant l'espace disponible. Over se distingue par l'usinage à 45° de la partie supérieure de la porte, qui sert de poignée intégrée. Ce détail particulier, combiné au plan de toilette, crée une pratique surface d'appui.*

*Over ist ein System mit begrenzter Tiefe, das sich dank seines minimalistischen Designs leicht in jede Umgebung einfügt. Die Module, die sowohl bodenstehend als auch wandhängend erhältlich sind, wurden entwickelt, um Renovierungsarbeiten zu vereinfachen, indem sie Löcher oder Schäden an Fliesen abdecken, ohne dass ein neuer Belag erforderlich ist.*

*Over ist auch eine hervorragende Lösung für kleine Räume. Die bodenstehenden Module sind mit ihren wesentlichen Linien für den Einbau neuer Sanitärkeramik und spezieller Waschbecken vorbereitet. Dank ihrer geringen Tiefe ist sie ideal für die Gestaltung von Ablagewänden in kleinen Räumen, die jede Ecke optimal ausnutzen und den verfügbaren Raum aufwerten. Eine Besonderheit von Over ist die 45°-Bearbeitung am oberen Teil der Tür, die als integrierter Griff dient. Dieses besondere Detail schafft in Verbindung mit der Platte eine praktische Ablagefläche.*

Over - это система, характеризующаяся умеренной глубиной, которая благодаря своему минималистскому дизайну легко вписывается в любую обстановку. Модули, предлагаемые как в напольном, так и навесном варианте, предназначены для упрощения ремонтных работ, с возможностью закрыть любые отверстия или повреждения плитки, без необходимости нового облицовочного покрытия.

Over представляет собой отличное решение, даже для небольших пространств. Напольные модули, характеризующиеся минималистскими линиями, предусмотрены для установки новой сантехники и специальных раковин. Благодаря небольшой глубине, он является идеальным решением для создания стенных панелей в небольших помещениях, оптимизируя угловые элементы и подчеркивая достоинства имеющегося пространства. Отличительным элементом Over является обработка под углом 45° в верхней части дверцы, которая выступает в качестве встроенной ручки. Эта деталь в сочетании со столешницей, создает практичную поверхность.

La collezione di arredo bagno Sky esprime essenzialità ed eleganza grazie ai mobili bagno moderni e di design, dalle linee rette e sofisticate. Un progetto dove razionalità ed estetica coincidono e si raffigurano in sapienti composizioni di materiali e volumi, espressione di una profonda cultura dell'arredo. Sky, da sempre caratterizzato dall'anta liscia, è disponibile anche in alcune varianti "special": Sky Gola, Sky Ondina e Sky Pregiati che arredano differenti ambienti bagno con una raffinata armonia.

Punto di forza di Sky è sicuramente la vastissima gamma di finiture, che spaziano dai 52 laccati opachi, lucidi o velvet ai 4 metal; dai legni tinti e antichi, al rovere Spessart e alle lavorazioni a ondina. Tutte le finiture sono pensate per mixarsi sapientemente alle varie soluzioni maniglia, intercambiabili tra loro, per poter creare un mobile in grado di rispecchiare sempre il gusto di chi lo sceglie.

*The Sky bathroom furniture collection expresses essentiality and elegance thanks to modern and design bathroom furniture, with straight and sophisticated lines. A project where rationality and aesthetics coincide and are represented in skilful compositions of materials and volumes, the expression of a profound culture of furniture. Sky, which has always been characterized by a smooth door, is also available in some "special" variants: Sky Gola, Sky Ondina and Sky Pregiati, furnishing different bathroom environments with refined harmony.*

*Sky's strong point is undoubtedly its vast range of finishes, ranging from 52 matt, glossy or velvet lacquers to 4 metal; from stained and antique woods to Spessart oak and corrugated finishes. All the finishes are designed to blend wisely with the various handle solutions, interchangeable with each other, to create a piece of furniture that always reflects the taste of those who choose it.*

*La collection de meubles de salle de bain Sky exprime l'essentialité et l'élegance grâce à des meubles de salle de bain modernes et design, aux lignes droites et sophistiquées. Un projet où rationalité et esthétique coïncident et sont représentées dans des compositions savantes de matériaux et de volumes, expression d'une profonde culture du meuble. Sky, qui s'est toujours caractérisée par une porte lisse, il est disponible également en quelques variantes "spéciales": Sky Gola, Sky Ondina et Sky Pregiati, qui fournissent différents environnements de salle de bains avec une harmonie raffinée.*

*Le point fort de Sky est sans aucun doute sa vaste gamme de finitions, allant de 52 laques mates, brillantes ou veloutées à 4 métaux ; des bois teintés et anciens aux finitions en chêne Spessart et ondulé. Toutes les finitions sont conçues pour se marier judicieusement avec les différentes solutions de poignées, interchangeables entre elles, afin de créer un meuble qui reflète toujours le goût de ceux qui le choisissent.*

*Die Badkollektion Sky drückt Wesentlichkeit und Eleganz durch moderne Designermöbel mit geraden, raffinierten Linien aus. Ein Projekt, bei dem Rationalität und Ästhetik zusammenfallen und sich in geschickten stoff- und Volumenkompositionen ausdrücken, die Ausdruck einer tiefgreifenden Einrichtungskultur sind. Sky, das sich schon immer durch seine glatte Tür auszeichnete, ist auch in einigen „special“ Varianten erhältlich: Sky Gola, Sky Ondina und Sky Prestige, die unterschiedliche Badumgebungen mit einer erlesenen Harmonie einrichten.*

*Die Stärke von Sky ist zweifellos die große Auswahl an Oberflächen, die von 52 Matt-, Glanz- oder Samtlacken bis hin zu 4 Metallen reicht; von gebeizten und antiken Hölzern bis hin zu Spessart-Eiche und gewellten Oberflächen. Alle Oberflächen sind so konzipiert, dass sie mit den verschiedenen, untereinander austauschbaren Grifflösungen harmonieren, um ein Möbelstück zu schaffen, das immer den Geschmack derjenigen widerspiegelt, die es auswählen.*

Коллекция мебели для ванной Sky выражает сущность и элегантность благодаря современной и дизайнерской мебели для ванной, с прямыми и изысканными линиями. Проект, в котором рациональность и эстетика совпадают и изображаются в мудрых композициях материалов, выражение глубокой культуры мебели. Sky, которая всегда отличалась гладкой дверью, также доступна в нескольких «особых» вариантах: Sky Gola, Sky Ondina и Sky Pregiati, которые придают различным интерьерам ванных комнат изысканную гармонию.

Сильной стороной Sky, несомненно, является огромный выбор отделок - от 52 матовых, глянцевых или бархатных лаков до 4 металлических; от тонированных и антикварных пород дерева до дуба Spessart и рифленой отделки. Все варианты отделки разработаны таким образом, чтобы гармонично сочетаться с различными вариантами ручек, взаимозаменяемыми друг с другом, и создавать мебель, которая всегда отражает вкус тех, кто ее выбирает.

# fusion

Fusion trova nella linea curva il proprio segno caratteristico: una collezione di mobili di design che accosta i volumi morbidi delle basi alle rigide geometrie delle colonne e dei vani a giorno. Dalla collaborazione tra Arbi e lo studio Meneghello e Paoletti Associati nasce la nuova variante MOBY, caratterizzata dalla particolare maniglia. La collezione crea un inedito equilibrio nella stanza da bagno, grazie alle forme morbide e ai raffinati accostamenti. Arredi bagno pratici e funzionali che formano un'atmosfera accogliente e rasserenante, adattandosi perfettamente a ogni stile e personalità.

I mobili Fusion, indiscussi best-seller di Arbi, sono disponibili sia nella versione con maniglia che con presa J integrata nella anta. Alle 52 finiture laccate opache, lucide e velvet si aggiungono 4 colori metal e 7 legni tinti; Fusion Moby, invece, è realizzabile nei 56 laccati opachi, velvet e metal, con le maniglie bianche o nere.

*Fusion finds its characteristic sign in the curved line: a collection of design furniture that combines the soft volumes of the bases with the rigid geometries of the tall units and open compartments. The new MOBY variant is born from the collaboration between Arbi and Meneghello and Paoletti Associati, characterized by the particular handle. The collection creates an unprecedented balance in the bathroom, thanks to the soft shapes and refined combinations. Practical and functional bathroom furnishings that form a welcoming and soothing atmosphere, adapting perfectly to every style and personality.*

*The Fusion furniture, the undisputed best-seller of Arbi, are available both in the version with handle and with integrated J-handle. *Fusion trouve son signe caractéristique dans la ligne courbe : une collection de mobilier design qui combine les volumes doux des bases avec les géométries rigides des colonnes et des compartiments ouverts. La nouvelle variante MOBY est née de la collaboration entre Arbi et Meneghello et Paoletti Associati, caractérisée par la poignée particulière. La collection crée un équilibre sans précédent dans la salle de bain, grâce aux formes douces et aux combinaisons raffinées. Des meubles de salle de bain pratiques et fonctionnels qui forment une atmosphère accueillante et apaisante, s'adaptant parfaitement à chaque style et personnalité.*

*Les meubles Fusion, le best-seller incontesté d'Arbi, sont disponibles à la fois dans la version avec poignée et avec poignée en J intégrée. *Die geschwungene Linie ist das Markenzeichen von Fusion: eine Designmöbel-Kollektion, die die weichen Volumen der Unterschränke mit den starren Geometrien der Hochschränke und der offenen Fächer verbindet. Aus der Zusammenarbeit zwischen Arbi und dem Studio Meneghelli e Paolelli Associati geht die neue Variante MOBY hervor, die sich durch ihren besonderen Griff auszeichnet. Die Kollektion schafft dank ihrer weichen Formen und erlesenen Kombinationen ein ungewöhnliches Gleichgewicht im Badezimmer. Praktische und funktionelle Badezimmermöbel, die eine gemütliche und beruhigende Atmosphäre schaffen und sich perfekt an jeden Stil und jede Persönlichkeit anpassen.*

*Die Möbel Fusion, die unbestrittenen Bestseller von Arbi, sind sowohl in der Ausführung mit Griff als auch mit in die Tür integrierter J-förmiger Mulde erhältlich. Fusion находит в изогнутой линии свой фирменный знак: коллекция дизайнера мебели, которая сочетает мягкие объемы оснований со строгой геометрией колонн и открытых отсеков. Благодаря сотрудничеству между Arbi и студией Meneghelli e Paolelli Associati появился новый вариант MOBY, характеризующийся особой ручкой. Коллекция создает неповторимый баланс в ванной комнате благодаря мягким формам и изысканным сочетаниям. Практична и функциональная мебель для ванной комнаты, которая создает уютную и успокаивающую атмосферу, идеально вписывающуюся в любой стиль и индивидуальность.

Бесспорные бестселлеры Arbi Fusion доступны как с ручкой, так и с J-образной рукояткой, встроенной в створку. В дополнение к 52 матовым, глянцевым и бархатным лаковым покрытиям есть 4 цвета металла и 7 тонированных пород дерева.
